Monthly Report

PAR 248

31 Jan 68

SUBJECT: BPE High-Magnification Lens Set

TASK/PROBLEM

1. Provide one high-magnification lens set (PAR 245) to increase the magnification range of a briefing print enlarger (PAR 243A) at the customer's facility.

DISCUSSION

2. Orders have been placed for all purchase parts and many of these items are now being received by the contractor.

3. All optical glass parts are in fabrication.

4. All metal parts to be made are in fabrication.

PLANNED ACTIVITY

5. Continue fabrication of parts in preparation for assembly of components for the BPE High-Magnification Lens Set.
